

Kindness Rocks Project Directions

<https://www.thekindnessrocksproject.com/>

The Waterford Junior Leaders would like you to join us in participating in The Kindness Rocks Project this year at the WASC State JAM Conference!

To participate, you will need to:

Bring a clean rock, one for each student/adult attending the conference. The rocks should be 3" to 6" inches in diameter.

To clean:

Remove any large chunks of dirt

Put in warm soapy water and scrub with a toothbrush

Rinse and pat dry with a towel

If tough spots remain, use 100 grit sandpaper and then re-wash and dry

That's it! Just bring your clean rocks to the state conference. We will provide the paint and instructions!

We plan to do this project Sunday morning from 9am to 11:30am!
