# Help Keep Feet Warm

Our chosen service project for the state conference is to collect  
SOCKS!

All collected socks will be donated to the Milwaukee Rescue Mission!

A few reasons why socks are so important:

- + In Wisconsin's cold temperatures, frostbite can occur in 30 minutes or less! Warm, well-fitting socks can help prevent this!
- + Bacteria and fungi thrive in warm, moist environments. Clean, dry socks can help prevent foot infections
- + Wearing the right socks for the right activity can go a long way!
- + People with diabetes need well-fitting socks to help with circulation and can be just as important as medication

Something many of us take for granted can make a huge difference in a person's life...let's help them out and keep some feet warm! Socks of all sizes are needed, but there is a special need for TODDLER socks at this time.
