WOW April 2019: Thursday April 4- Friday April 5- How do you create a true learning partnership between educators and students? How do you harness student voice, engagement, and efficacy to empower every learner to achieve at higher levels? The 2018-19 WOW series (Working on the Work) offers school or district teams of four to 12 educators an opportunity to work closely with nationally recognized education leaders to develop and implement clear action steps. The sessions feature Shelley Moore with a focus on identifying best practices for equitably providing supports and meeting the needs of all students. Contact your local CESA to register. [More information online.](#)

Social and Emotional Learning Webinar: The Department of Public Instruction hosts a monthly, one-hour learning experience about different Social and Emotional Learning (SEL) implementation topics. Wednesday, March 27 from 12:00 p.m. to 1:00 p.m. features Elizabeth Cook, DPI School Psychology Consultant, on Trauma Sensitive Schools and SEL: Universal approaches to student wellness. More information and registration on the [Social and Emotional Learning Conference and Training Opportunities website](#). Those unable to attend the webinar will have access to the recorded event the DPI Social and Emotional Learning website.

<p>March is Middle Level Education Month: Please visit the WAMLE site to view Tony Ever’s Proclamation and visit the AMLE site for ideas for celebrating Middle Level Education Month! The key messages for the celebration are</p> <ul style="list-style-type: none"> • The importance of parents being knowledgeable about young adolescents and being actively involved in their lives; • The understanding that healthy bodies plus healthy minds equal healthy young adolescents; • The realization that the education young adolescents experience during this formative period of life will, in large measure, determine the future for all citizens; and • The knowledge that every young adolescent should have the opportunity to pursue his or her dreams and aspirations, and post-secondary education should be a possibility for all. 			
JUST FOR FUN			
DESCRIPTION	ASSIGNED TO	DUE BY	DONE
<p>Monthly Icebreaker: “Zoom” This activity requires participants to create a unified story from a set of randomly provided sequential pictures. The participants must find a way to recreate the story’s sequence in the correct order, while being unable to see the pictures the others participants have. This is an excellent activity to encourage communication, tolerance and patience.</p>			
<p>Concentration: Participants form two equal lines facing each other; one line turns around, giving the second line a few minutes to change several things about themselves. This can include anything from swapping clothing items with other people, to altering your hair do but must be something the other group can easily see. The first line must then identify all of the changes the other group has made. This activity stimulates memory retention and is great for team bonding.</p>			
<p>“National Day” Celebrations: Nearly every day there is a “National Day” to celebrate. This can be a fun and engaging project for leaders to be creative and recognize your student, staff and community populations. (Resource: nationaldaycalendar.com)</p>
