COLLEGE & CAREER READINESS

The WASC has been leading the way in leadership development essential to college and career readiness, both nationally and statewide for over 80 years. We continue to pursue research in these areas and place it at the foundation of all programming. College and career readiness is a priority statewide and is essential for student long term success.

Former delegates have: graduated from Ivy League Universities, served in Congress, managed Fortune 500 companies, produced Hollywood films, performed on Broadway, worked in the Peace Corp, managed Presidential campaigns, fought for our country, worked in television, taught high school, directed the Olympics, published books... our delegates go on to make a difference. At camp. **In life.**

WASC CAMP: AT A GLANCE

WHO: For students entering grades 7-12 who want to expand their personal leadership skills.

WHAT: The only program of its kind in the nation: Six unique summer camp programs dedicated to developing student leaders.

WHERE: Ripon College - 70 miles Northeast of Madison.

WHEN: The *Junior High & Middle School camps* will be held July 12-16, 2020 at Ripon College, and the *Senior High camps* will be held June 28 - July 2, 2020, at Ripon College (Level 4-6)

OUR STAFF: Our curriculum is taught both by certified educators and national alumni who share their talents with the WASC every summer. We hand-select each staff member based on their personal leadership skills and their ability to make a difference in the lives of our delegates.

"We have been sending student leaders to the WASC camps for about 15 years now. The years where we get a majority of our students to attend, are years that are noticeably more vibrant and impactful. The students come back knowing more about themselves as leaders and ready to share their skills and their confidence with their student body. I highly encourage you to send your students. It will change their lives, and in return, change yours!"

Mary Swinford - Bay View Advisor

SIX UNIQUE PROGRAMS. ONE INCREDIBLE SUMMER.

FOR OVER 80 YEARS, THE WISCONSIN ASSOCIATION OF SCHOOL COUNCILS HAS BEEN TRAINING STUDENT LEADERS — OUR PROGRAMS ARE TIME-TESTED AND PROVEN TO MAKE A DIFFERENCE!

1 LEVEL 1: LEARN

During the Level 1 experience, students will participate in fun activities focused on skills essential for the middle level including: building self-esteem and self-advocacy skills, **learning** what it means to be a leader, and ways to create exciting and interesting student activities. Students will leave with better networking skills and connections to leaders across the state.

2 LEVEL 2: ENGAGE

Team building, goal setting, communication, and organization are key components to being an **engaged** leader. Participants at this level will have the opportunity to explore concepts of leadership, improve their leadership skills in an engaged way, learn tools to promote positive mental health, and gain an understanding of self and others.

3 LEVEL 3: ADVOCATE

Entering high school confident and ready is essential to student success. The Level 3 curriculum combine experiential learning with essential skill development to ensure this success. Students will learn valuable skills like **self-advocacy**, communication, and goal setting - in a creative and engaging way.

4 LEVEL 4: DEVELOP

A positive high school experience hinges on developing essential leadership skills. Level 4 curriculum is high-energy and focused on **developing** interpersonal skills, group processes, communication skills, problem solving techniques and planning/evaluation procedures.

5 LEVEL 5: EMPOWER

Responsibilities continue to increase for high school students. Student leaders need the ability to adapt to a variety of circumstances and be **empowered** to meet demands of the group or task. The Level 5 curriculum examines what causes this range of needs and gives participants the skills to adapt and react to each.

6 LEVEL 6: REACH

This culminating program provides opportunities to revisit all ten of our leadership standards. Through numerous interactive activities, delegates will expand their individual **reach** to include not only their school organizations, but also their communities, and perhaps, the world.

WHAT LEVEL?

Whether you're a camp veteran or just starting on your leadership journey -- we've got the right program for you!

JUNIOR HIGH & MIDDLE LEVEL CAMPS

LEVEL 1: for students entering 7th or 8th grade in '20-'21

LEVEL 2: for students who have completed Level 1

LEVEL 3: for students entering 9th grade in '20-'21

SENIOR HIGH SCHOOL CAMPS

LEVEL 4: for students entering 10th / 11th grade in '20-'21

LEVEL 5: for students entering 11th / 12th grade & attended Level 4

LEVEL 6: for students entering/leaving 12th grade & attended Level 5

Camp Highlights

- **BANQUET:** The delegates get dressed up for this special affair, where they dine in their finery while listening to inspiring speeches by their fellow delegates.
- **SPEAKING OPPORTUNITIES:** There are numerous opportunities for students to work on their presentation skills — and one evening where individuals from each group are asked to address the entire delegation.
- **PICNIC:** An outdoor event that includes games, food, and fun. A great way to connect with new friends at the mid-point of the week.
- **SUPER OLYMPICS:** Get ready to have some fun! Small groups compete against each other in an evening of collaborative, team building activities.
- **DANCE:** A high-point of the entire week, delegates enjoy an evening of celebration and dancing to close out their camp experience.

■ **EVENING CLOSINGS:** Each day ends with inspiring stories and songs — lead by adult and junior counselors. The perfect way to end each day. *"Our daughter had attended basketball and music camps in the past, but neither gave her the confidence that WASC camp did. After camp, she did better in school and improved her relationships with both her friends and teachers. We are very grateful for this program."*

-- RON & KAREN, PARENTS
